## GO-GO GIRL

Make the most of your summer-fresh skin with some fresh new clothes. Not your basic summer skirts and T-shirts, but something out of the ordinary. Something you'll find at Hitch Couture. When Jeanne Landau pulls up in her vintage Airstream trailer and throws down her welcome mat of artificial turf, there's no mistaking something fresh and new has arrived. From edgy indie designer label clothes to funky one-of-a-kind jewelry pieces, you'll find it all aboard this sleek and steely traveling boutique.

**You'll Love:** This über-unique shopping venue makes your next girls gathering one that your gal pals won't forget. Book the trailer for a party and as hostess you'll get a 10 percent discount on your personal purchases plus 10 percent of the total when sales exceed \$600.

**We Love:** The sixties look of that shiny travelin' trailer and the cutting-edge designs onboard. Silverlake-based owner Landau drives it all over So Cal, so keep your eyes out for Hitch Couture pulling into a neighborhood near you.

## HOME BODY

Crème Body Moisturizing Massage, a deliciously aromatic massage using Arabica coffee, Indian tobacco, European black silt clay, honey, and sarsaparilla; or try the Citrus Foot Beauty Ritual that has you soaking your tootsies in a peppermint bath, exfoliating with citrus in sea salt, and more. Make it a party and GreenBliss will provide an organic feast including champagne produced from organically grown grapes.

## On The Glow

Even if the sun's rays weren't such killers, who has time to tan? If you can't help missing that summer color, dial up Sunless To You. One minute you're sitting on your sofa, a pasty couch potato praying for summer's end, and 10 to 15 short minutes later you're a sun-drenched bronzed beauty—without the skin damage that basking in the sun brings with it. Instead, Sunless To You brings its airbrush tanning system directly to your home or office, where in the privacy of your bathroom—or your backyard, if you dare—owner Debbie Sellers or one of her trained technicians will apply a customized streak-free spray tan from top to toe. Sellers says that your tan, under optimum circumstances, will last from seven to 10 days.

**WE LOVE:** The FDA-approved dihydroxyacetone (DHA, a plant-based sugar that interacts with the amino acids in the outermost layer of your skin). It left our skin a natural-looking gleaming gold comparable to the best natural tan ever, without a trace of orange or any telltale streaks.

**YOU'LL LOVE:** Inviting some pals along and making it a beach party. Instead of the customary \$50 fee, your friends (a minimum of five) pay just \$35 each, and the hostess is free.

**TIPS:** For best results, make sure your skin is moist and supple, and be sure to exfoliate, shave, and moisturize the day of your Sunless To You tan. And while you do get an instant tan from the bronzing ingredient, the deeper tan develops over several hours, so booking your tan the day before your big event will get you glowing when it counts.

**We Love:** The fact that for every party guest, owner Randi Ragan gives back \$3 to community organizations that make a difference in the world, like the Natural Resources Defense Council ([www.nrdc.org](http://www.nrdc.org)) and Healthy Child Healthy World (formerly the Children's Health Environmental Coalition; visit [www.healthychild.org](http://www.healthychild.org)).

**You'll Love:** Being pampered in your own place so when your treatment is done, there's no need to leave your blissful state behind.

## A Summer Face

Pampered skin, a gorgeous tan, and flirty new clothes. Finish it off with the perfect hair and makeup. Hidden Beauty's Stacy Andrews makes a living making brides look good on their special days. But you don't need a special occasion to treat yourself to professionally applied makeup and professionally styled hair. With a little help from her friends, Andrews brings everything you need to complete your look with a great summer do and makeup that's just right for the season.

**WE LOVE:** Hidden Beauty's ability to do a wide range of beauty treatments in your own home so you won't have to move a muscle—except, of course, to show off the gorgeous new you! ■
