Honeydew Skin Care

This late-summer melon contains vitamin C, a vital antioxidant for skin-tissue repair. "All melons are vitamin-rich, but honeydew also has a great aroma," says Randi Ragan, of GreenBliss EcoSpa in L.A.

BUY IT

The comforting, sweet scent of honeydew extract can be found in washes and moisturizers.

HONEY, DO!
THE MELON'S WATER CONTENT IS HYDRATING FOR THE SKIN. (OR SWAP IN CANTALOUPE!)

■
START
SEED AND MASH
¼ RIPE MELON

■
ADD 3 CHOPPED
MINT LEAVES

■
STIR IN 2 TBSP
(OR UP TO ½ CUP)
MINCED OATS

DIY IT

Mix together the honeydew and mint, then slowly add the oats (minced in a food processor) until you reach a desired consistency. For your face, aim for a texture like wet sand, but a thicker scrub will work best for the body. Apply in gentle circles, rinse with warm water, and dry.
